

# OUR IMPACT AND WHY IT MATTERS

We empower **STUDENTS** to thrive—socially and academically—so they grow into confident, engaged, and courageous community members

We equip **educators** to:

- Move from “**power over**” to “**power with**” so students authentically participate in their classroom community
- Facilitate **Problem-Solving Class Meetings**
- **Guide students to take accountability**, learn from challenges, and repair harm

Which helps **students** develop:

- **Problem-solving** and **critical thinking skills**
- Ability to **listen, empathize, and express themselves**
- Strong **social emotional skills** that lead to **higher academic success**

**STUDENTS**

**EDUCATORS**

We help **EDUCATORS** become confident, connected, and inspired to make a lasting impact

Our hands-on **training & coaching**:

- **Engages both minds and hearts** to transform practice
- Provides **practical tools** that can be applied immediately
- Offers **long-term support to shift mindsets and practice** that fosters a thriving learning community

Which **helps teachers**:

- **Rediscover joy** in their work, leading to greater retention and fulfillment
- **Hold students to high expectations**, seeing them as capable learners who grow through mistakes
- Cultivate a positive, supportive classroom culture where teachers and students thrive together, **creating lasting change**

We partner with **SCHOOLS** to cultivate an inclusive, supportive culture where staff, students, and families feel valued and connected

Our long-term training, **coaching** and **support**:

- **Creates sustainable systems** that integrate social-emotional learning, academic rigor, and restorative practices
- **Leverages data-driven strategies** to drive meaningful change
- **Empowers school leaders** to build responsive, equity-centered communities
- Equips staff with tools to foster **authentic family partnerships**

**Why it matters:**

- **Families build trust** with schools
- Students stay engaged and **feel they belong**
- Schools become places **where students want to be**
